7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government Superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1894-95, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—Any further information respecting weight or quality of the opium advertised for sale, that may be desired by parties connected with the trade, will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L. P.,

E. H. WALSH,
Offg. Secretary

The following are the conditions of sale:—

1.—The opium will be sold for exporation by sea only, and no certificate will be granted except to cover such export.

2.—The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale, noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.

On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.

On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.

And so on, Rs. 100 being added to the deposit for every bid additional, to the extent of Rs. 400.

6.—The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government Superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:— No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1894-95, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—Any further information respecting weight or quality of the opium advertised for sale, that may be desired by parties connected with the trade, will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L. P.,

E. H. WALSH,
Offg. Secretary.

By order of the Board of Revenue, L.P.,

CALCUTTA, *the* 25*th November* 1895.

UNDER section 22 (2) of Act I (B.C.) of 1895, the Public Demand Recovery Act, the following rules have been framed by the Board with reference to the requirements of section 287 of the Code of Civil Procedure in regard to sales of property in execution of a certificate, and are published for general information:—

I.—When the officer who effects an attachment under section 269, Act XIV of 1882, believes that the property attached does not exceed twenty rupees in value, he shall inform the debtor, or, in his absence, any present adult member of his family, that it will be sold by public auction at once, without the issue of any proclamation under section 287. In case the decree-holder or the judgment-debtor, or any person on his behalf, objects to the adoption of the course, the attaching officer will convoke a panchayat of not less than three respectable adult male inhabitants of the neighbourhood, of whom ordinarily the headman of the village should be one, and will require them to assess the value of the property. If they determine that it exceeds Rs. 20 in value, he shall deal with it under the rules framed by the Lieutenant-Governor of Bengal, otherwise he shall forthwith proceed to sell it by auction, after giving such reasonable notice, as the circumstances of the case admit of, to intending purchasers.

II.—At the time of making an application under section 230, Act XIV of 1882, for the attachment of moveable property in the possession of the judgment-debtor, the decree-holder shall pay the costs of issuing the proclamation of sale under section 287 of the Act, unless the value of the property, the attachment of which is applied for, is alleged by him not to exceed Rs. 20 in value. In this case, should the value of the property as determined by the above rule, be found to exceed Rs. 20, the decree-holder shall pay the costs of the proclamation immediately on receipt of notice of attachment.

III.—Sales of moveable property not exceeding Rs. 20 in value shall be held on the spot. Such sales will necessarily be conducted by peons when they are the attaching officers. Sales of moveable property of greater value may be held on the spot or at the Sadar or subdivisional head-quarters, as may seem convenient and conducive to the securing of good prices. For such sales officers of higher rank than peons should always be deputed when the value of the property is estimated to exceed Rs. 50, and proclamation should be issued. When the value is between Rs. 20 and Rs. 50, the Collector or Deputy Collector may by a special order depute a peon, if he considers it desirable to do so.

Sale of moveable property.

IV.—Sales of immoveable property should ordinarily be held at the district or subdivisional head-quarters, according as the villages may be nearer to either, but sales on the spot are desirable when bids or sufficient bids cannot be obtained at head-quarters. It sometimes happens that it is only by holding sales in the villages that the property can be disposed of. When this is the case, nazirs, naib-nazirs or bakshis should be employed; but in rare instances, where the value of the property is very small and the cost of deputing a higher officer would be out of proportion to it, a trustworthy peon may be sent out under the special orders of the Collector or Deputy Collector. For all sales of immoveable property proclamation must be issued.

Sale of immoveable property.

V.—Sales of estates or shares of estates should always be held at the district or subdivisional head-quarters.

Sale of estates or shares of estates.

VI.—In order to ensure a good attendance of bidders and fair bids, it is desirable that regular sale days, whether one or more in the month, should be fixed, and that lists of property to be put up at each sale should be published some days in advance. This arrangement cannot, perhaps, be made ordinarily at subdivisions, where sales are few and far between, but it should be introduced where the sales are sufficiently numerous and regular.

Procedure for ensuring a good attendance of bidders and fair bids.

VII.—In cases in which the decree-holder applies for leave to purchase under section 294 of the Code of Civil Procedure, no order to set off the purchase-money against the amount of the decree shall be made upon the application for leave to purchase. Such order shall be made upon a petition presented after the property has been knocked down to the decree-holder at the auction-sale, and such petition shall be stamped with stamps of the value of the poundage fee due for selling the property, viz.—

2 per cent. on the gross amount realised by the sale of the property, up to Rs. 1,000.

1 per cent. more on all excess of all gross proceeds beyond Rs. 1,000.

VIII.—Upon the hearing of such petition the costs of execution, including the amount of the stamps attached to the petition, shall be ascertained and shall be added to the decree; and in cases in which the amount of the purchase-money exceeds the amount of the decree and of such costs, the decree-holder who has so purchased the property shall pay into Court the sum of 25 per cent. upon the balance of the purchase-money after deducting the amount of the decree and of such costs, and shall pay the balance at the expiration of fifteen days in accordance with section 307 of the Code of Civil Procedure.

30. In the event of the Promoters desiring that any bridge, drain, culvert, water-course, telegraph line, or other thing whatsoever on or adjacent to the land to be used for the tramway should be removed or the position thereof altered, the Promoters shall give notice in writing to the Local Authority, who shall thereupon deal with the matter themselves if within their powers, and, if not, shall refer the matter to the Local Government or other authority competent to deal with it, who shall pass such orders thereon as in the circumstances of the case may appear fit.

Penalty for failure of Promoters to comply with Order.

(*2*) When the Promoters have through any act or omission become liable for any penalty under this clause, the penalty shall become recoverable by suit in the district court having jurisdiction in the place where the act or omission or any part thereof occurred.

(*3*) The Local Government may remit the whole or any part of any penalty to which the Promoters become liable under this clause.

(*4*) Every penalty recovered under this clause shall be applied as the Local Government from time to time may direct.

59. The terms of this Order are without prejudice to the power of the Governor-General in Council under section 146 of the Indian Railways Act, 1890, to extend the provisions of that Act to the tramway, of which the construction is authorised by this Order.

60. If any dispute, question or controversy shall at any time arise either between the Local Government and the Promoters or the Local Authority and the Promoters, touching this Order, or any clause or thing herein contained, or the construction hereof or any matter connected with this Order or the operation of the same, or the rights, duties or liabilities of any of the parties in relation to the premises, then and in every such case the matter in difference, unless special provision shall have been made in this Order for the settlement of the matter so in difference, shall be referred to two arbitrators or their umpire, to be appointed in the manner laid down in clause 16 of the Agreement, pursuant to and so as with regard to the mode and consequence of the reference, and in all other respects to conform to the provisions in that behalf contained in the Code of Civil Procedure, 1882, or any subsisting statutory modification thereof, and upon every such reference the arbitrators and umpire shall respectively have power to examine witnesses upon oath or affirmation, and either to fix, settle and determine the amount of costs of the reference and award respectively or incidental thereto to be paid by both parties making the reference, or by either party, or to direct the same to be taxed either as between Solicitor and Client or otherwise, and to direct and award where and by and to whom such costs shall be paid, and every or any such reference may be made a rule of Her Majesty's High Court of Justice or of the High Court of Judicature of Calcutta on the application of the Local Government, the Local Authority, or the Promoters, and either the Local Government, the Local Authority, or the Promoters may instruct Counsel to consent thereto for the other party.

The maximum angle of curvature should *only be worked to in special cases* where the adoption of an easier curve would be impracticable or involve considerable extra expense. Under very exceptional circumstances, where it may appear necessary that this rule should be relaxed, the matter should be referred to the Government of India for orders.

The maximum angles of curvature given above do not apply to curves in station yards.

II.—BALLAST AND PERMANENT-WAY.

PRESENT :

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.—Whereas it is enacted by the Merchant Shipping Act Amendment Act, 1862, that "whenever it is made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships for the time being in force under the principal Act have been adopted by the Government of any foreign country and are in force in that country, it shall be lawful for Her Majesty, by Order in Council, to direct that the ships of such foreign country shall be deemed to be of the tonnage denoted in their certificates of registry or other national papers, and thereupon it shall no longer be necessary for such ships to be remeasured in any port or place in Her Majesty's dominions, but such ships shall be deemed to be of the tonnage denoted in their certificates of registry or other papers in the same manner, to the same extent, and for the same purpose in, to, and for which the tonnage denoted in the certificates of registry of British ships is deemed to be the tonnage of such ships."

And whereas it has been made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships now in force under "The Merchant Shipping Act, 1854," have been adopted by the Government of the United States of America, with the exception that no deduction from the gross tonnage of such ships specified in the registers or other national papers thereof, is made for crew space in sailing vessels, and for crew space and engine-room in steam-vessels, and such rules are now in force in that country, having come into operation on the 1st January, 1865.

Her Majesty (in pursuance and exercise of the powers hereinbefore mentioned) is hereby pleased, by and with the advice of Her Privy Council, to direct that the merchant ships of the said United States of America the measurement whereof shall, after the said 1st of January, 1865, have been ascertained and denoted in the registers and other national papers of such ships testified by the dates thereof, shall be deemed to be of the tonnage denoted in such registers or other national papers in the same manner, and to the same extent, and for the same purpose in, to, and for which the tonnage denoted in the certificates of registry of British ships is deemed to be the tonnage of such ships, after making therefrom the same deductions in respect of crew space and engine-room as would, if such ships were British, be made from their gross tonnage under the laws relating to British ships.

At the Court at Windsor, the 19th day of March, 1883.

PRESENT :

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.—Whereas by the "Merchant Shipping Act Amendment Act, 1862," it is enacted that, whenever it is made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships for the time being in force under the principal Act have been adopted by the Government of any foreign country, and are in force in that country, it shall be lawful for Her Majesty, by Order in Council, to direct that the ships of such foreign country shall be deemed to be of the tonnage denoted in their certificates of registry or other national papers; and thereupon it shall no longer be necessary for such ships to be remeasured in any port or place in Her Majesty's dominions, but such ships shall be deemed to be of the tonnage denoted in their certificates of registry or other papers in the same manner, to the same extent, and for the same purposes in, to, and for which the tonnage denoted in the certificates of registry of British ships is to be deemed the tonnage of such ships.

And whereas it was made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships for the time being in force under the principal Act had been, with certain exceptions, adopted by the Government of the United States of America, and Her Majesty by Order in Council, dated the 30th day of July, 1868, was pleased to direct that the merchant ships of the said United States of America the measurement whereof should, after the 1st January, 1865, have been ascertained and denoted on the registers and other national papers of such ships, testified by the dates thereof, should be deemed to be of the tonnage denoted in such registers or other national papers, in the same manner, and to the same extent, and for the same purpose in, to, and for which the tonnage denoted in the certificates of registry of British ships is deemed to be the tonnage of such

ships, after making therefrom the same deductions in respect of crew space and engine-room as would, if such ships were British, be made from their gross tonnage under the laws relating to British ships.

And whereas the Government of the said United States of America have provided that, on and after the 5th day of August, 1882, a deduction from the gross tonnage of every vessel of the United States shall, on measurement or remeasurement thereof, be made for crew space in sailing ships, and for crew and engine space in steam-ships.

And whereas it has been made to appear to Her Majesty that, in consequence of such last recited provision, the rules concerning the measurement of tonnage of merchant ships now in force under "The Merchant Shipping Act, 1854," have been adopted by the Government of the United States of America, with the exception of a difference in the mode, in certain steamers, of estimating the allowance for engine-room, and such rules are now in force in that country, having come into operation on the 5th day of August, 1882, and that it is desirable that the ships of the said United States, measured or remeasured as aforesaid, on or after the said 5th day of August, 1882, shall, instead of requiring remeasurement in the United Kingdom for crew space in sailing ships, or for crew and engine space in steam-ships, be deemed to be of the tonnage denoted in their certificates of registry or other national papers.

Now, therefore, Her Majesty is hereby pleased, by and with the advice of Her Privy Council, to direct as follows:—

1. As regards sailing ships: that merchant sailing ships of the said United States of America, the measurement whereof after the said 5th day of August, 1882, has been ascertained and denoted in the registers and other national papers of such sailing ships, testified by the date thereof, shall be deemed to be of the tonnage denoted in such registers and other national papers in the same manner, and to the same extent, and for the same purpose in, to, and for which the tonnage denoted in the certificate of registry of British sailing ships is deemed to be the tonnage of such ships.

2. As regards steam-ships: that merchant ships belonging to the said United States of America, which are propelled by steam or any other power requiring engine-room, the measurement whereof shall after the said 5th day of August, 1882, have been ascertained and denoted in the registers and other national papers of such steam-ships, testified by the dates thereof, shall be deemed to be of the tonnage denoted in such registers or other national papers in the same manner, and to the same extent, and for the same purpose in, to, and for which the tonnage denoted in the certificates of registry of British ships is deemed to be the tonnage of such ships. Provided, nevertheless, that if the owner or master of any such American steam-ship desires the deduction for engine-room in his ships to be estimated under the rules for engine-room measurement and deduction applicable to British ships, instead of under the American rules, the engine-room shall be measured and the deduction calculated according to the British rules.

At the Court at Balmoral, the 3rd day of October, 1895.

PRESENT:

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.—Whereas by an Order in Council, dated the 30th July, 1868, made by Her Majesty in exercise of the powers conferred upon Her by the Merchant Shipping Act Amendment Act, 1862, Her Majesty was pleased to direct that the merchant ships of the United States of America the measurement whereof should after the 1st January, 1865, have been ascertained and denoted on the registers and other national papers of such ships, testified by the dates thereof, should be deemed to be of the tonnage denoted in such registers or other national papers in the same manner, to the same extent, and for the same purpose in, to, and for which the tonnage denoted in the certificate of registry of British ships is deemed to be the tonnage of such ships, after making therefrom the same deductions in respect of crew space and engine-room as would, if such ships were British, be made from their gross tonnage under the laws relating to British ships.

And whereas by another Order in Council, dated the 19th March 1883, made in exercise of the aforesaid powers, Her Majesty was pleased to direct as follows:—

1. As regards sailing ships: that merchant sailing ships of the United States of America the measurement whereof after the 5th August 1882, has been ascertained and denoted in the registers and other national papers of such sailing ships, testified by the date thereof, shall be deemed to be of the tonnage denoted in such registers and other national papers in the same manner, to the same extent, and for the same purpose in, to, and for which the tonnage denoted in the certificate of registry of British sailing ships is deemed to be the tonnage of such ships.

2. As regards steam-ships: that merchant ships belonging to the United States of America, which are propelled by steam or any other power requiring engine-room, the measurement whereof shall, after the said 5th day of August, 1882, have been ascertained and denoted in the registers and other national papers of such steam-ships, testified by the dates thereof, shall be deemed to be of the

tonnage denoted in such registers or other national papers in the same manner, to the same extent, and for the same purpose in, to, and for which the tonnage denoted in the certificate of registry of British ships is deemed to be the tonnage of such ships. Provided, nevertheless, that if the owner or master of any such American steam-ship desires the deduction for engine-room in his ship to be estimated under the rules for engine-room measurement and deduction applicable to British ships instead of under the American rule, the engine-room shall be measured and the deduction calculated according to the British rules.

And whereas by Section 84 of the Merchant Shipping Act, 1894, it is enacted that, whenever it appears to Her Majesty the Queen in Council that the tonnage regulations of that Act have been adopted by any foreign country, and are in force there, Her Majesty in Council may order that the ships of that country shall, without being remeasured in Her Majesty's dominions, be deemed to be of the tonnage denoted in their certificates of registry or other national papers in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of registry of a British ship is deemed to be the tonnage of that ship.

And whereas it has been made to appear to Her Majesty in Council that the tonnage regulations of the Merchant Shipping Act, 1894, have been adopted by the United States of America, and such regulations are now in force there, having come into operation on the 1st day of April, 1895.

And whereas there still are or may be ships belonging to the United States of America to which the hereinbefore recited orders of the 30th July, 1868, and the 19th March, 1883, may respectively apply, and it is expedient not to revoke the same, but to let the said recited orders remain in force so long as there are any ships to which the same may so respectively apply.

And whereas the provisions of Section 1 of the Rules Publication Act, 1893, have been complied with.

Now, therefore, Her Majesty, in pursuance and exercise of the powers hereinbefore mentioned, is hereby pleased, by and with the advice of Her Privy Council, to direct that the merchant ships of the United States of America the measurement whereof shall, after the 1st day of April, 1895, have been ascertained and denoted in the registers and other national papers of such ships, shall be deemed to be of the tonnage denoted in their certificates of registry or other national papers in the same manner, in the same extent, and for the same purposes as the tonnage denoted in the certificate of registry of a British ship is deemed to be the tonnage of that ship.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale, noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional, to the extent of Rs. 400.

6.—The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to

any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government Superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:— No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1894-95, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—Any further information respecting weight or quality of the opium advertised for sale, that may be desired by parties connected with the trade, will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

Offg. Secretary.

(3) The estimates will include any contribution required from Provincial Revenues, but such contribution cannot be drawn and credited to the Fund, except with the authority of the Accountant-General under special orders of Government in each case.

4. Subject to the provisions of section 3A, the power to fine chaukidars departmentally under section 38 is vested in the District Magistrate. A copy of every order passed under section 8 or 38 by any officer to whom the District Magistrate has delegated his powers under section 3A, shall be forwarded at once to the District Magistrate. On receipt thereof the particulars shall be entered in Register A prescribed by rule 8.

5. An appeal from any order imposing a fine under section 8 or 38 and passed by any officer other than the District Magistrate shall lie to the District Magistrate if lodged within 30 days from the date on which such order was communicated to the panchayat or chaukidar fined. Subject to the provisions of section 64, no appeal shall lie from any such order passed by the District Magistrate.

6. (a) All fines imposed under sections 8 and 38, and penalties imposed under section 27, and realised by a tahsildar appointed under section 46A, shall, on realisation, be at once deposited in the District or Subdivisional Treasury to the credit of the District Chaukidari Reward Fund by means of duplicate chalans.

(b) Penalties under section 27 realised by panchayats should be entered in their Register II (as prescribed by Rule VIII of the rules issued in the notification of the 12th April 1887), and sent at the close of each quarter to the officer in charge of the police-station, who will grant a receipt for the amount and deal with it under the preceding clause of this rule.

7. The Treasury Officer will retain one of the chalans and return the other, duly receipted, to the official depositing the money, who will forward it, together with the fine statements prescribed by rule 9, for entry in the accounts of the Fund.

8. Two registers, A and B, in the forms given in the appendix, shall be kept in the office of the District Magistrate (or of the District Superintendent of Police) showing the details of the operation of the above rules.

9. One clear week before the date fixed for the quarterly payment of chaukidars' salaries, the District Magistrate shall send to the officer in charge of each police-station a consolidated statement showing the fines recoverable from the chaukidars of such station. The officer in charge thereof shall thereupon at the time of the payment of salaries realise such fines and forward them under duplicate chalans for credit in the District or Subdivisional Treasury, together with any sums received by him from panchayats or tahsildars as penalties levied under section 27 of the Act. On receipt from the treasury of the duplicate chalans referred to in rule 7, he will return them, with the fine statement above mentioned, to the Magistrate with an explanation of his inability to recover any particular fine, or part thereof.

10. (a) The only officers authorised to grant rewards to chaukidars are District Magistrates, Subdivisional Magistrates, and District Superintendents of Police.

(b) Such rewards should not ordinarily exceed the sum of Rs. 5, but the District Magistrate may, if the state of the Chaukidari Reward Fund justifies it, sanction a reward of not more than Rs. 25. For any amount exceeding Rs. 25 the sanction of the Commissioner should be obtained.

(c) Rewards should, wherever possible, be paid by the District Superintendent in person, and in his absence by an officer not lower in rank than an Inspector. They should, as a rule, be presented at chaukidari parades, and in all cases with as much publicity as possible.

12. Fifteen days from the last day of each quarter the office of the District Magistrate (or of the District Superintendent of Police) shall prepare, in the form marked (C) in the appendix, an abstract account of the transactions of the Chaukidari Reward Fund during the said quarter. Such account shall be audited and compared with the Treasury accounts by an officer nominated for the purpose by the District Magistrate, to whom the result of such audit shall be duly certified. The abstract account shall also be checked and compared with the memorandum showing the balances and accounts of the Fund which the Accountant-General furnishes each quarter to the Administrator of the Fund.

The following are the conditions of sale:—

1.—The opium will be sold for exporation by sea only, and no certificate will be granted except to cover such export.

2.—The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if

the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale, noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.

On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.

On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.

And so on, Rs. 100 being added to the deposit for every bid additional, to the extent of Rs. 400.

6.—The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale

at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bond fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government Superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five..

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1894-95, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—Any further information respecting weight or quality of the opium advertised for sale, that may be desired by parties connected with the trade, will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L. P.,

E. H. WALSH,
Offg. Secretary.

ACCOUNTS AND FINANCE.

Public Debt.

The 28th December 1894.

No. 6318-*A*.—The attention of holders of Government Promissory Notes, who hold them as an investment of more or less permanence, and not for the purpose of immediate sale, is called to the advantages afforded by the system of registration in Book Debt Account.

Registration and issue of Stock Certificate.

2. Government Promissory Notes of the $3\frac{1}{2}$ per cent. loans may, at the option of the holders, be registered in Book Debt Account, non-transferable stock certificates being issued in lieu.

3. Government Promissory Notes intended for conversion into Book Debt must be surrendered either at the Public Debt Office, Bank of Bengal, Madras, or Bombay, or at the Treasury at which interest is payable, together with a written application, forms of which will always be available at the Banks of Bengal, Madras, and Bombay, and may be obtained through the Treasury Officer.

4. The holder will receive in exchange for the consolidated amount of such Notes a stock certificate of the loan to which the Notes appertain, or of any other loan to which he may (subject to the conditions set forth in Notification No. 5288 A., dated 19th October 1894) desire to transfer his holding.

Reconversion into Promissory Notes.

5. A holder of a stock certificate wishing to reconvert the whole or any portion of the sum it represents into Promissory Notes of the relative loan, may do so by tendering it either to the Bank of Bengal, Madras, or Bombay, or at the Treasury at which the interest is payable, endorsed thus :—

"Received in lieu of this stock certificate Government Promissory Notes of R each (together with a new stock certificate for the balance amounting to R)."

But Promissory Notes can be issued only in sums of R100 or in multiples of that sum.

Sale or transfer of Stock.

6. All sales or transfers of Government stock registered in the Book Debt Account must be made in even hundreds of rupees, and by transfer to be executed in the Books of the Bank by the registered holder or his duly constituted Attorney. Such transfer is exempt from stamp-duty. Deeds of transfer forms can be obtained from the Bank of Bengal, Madras, or Bombay directly or through the Treasury Officer.

7. When the transfer has been duly executed and the original certificate lodged at the Bank, the transferee will receive a new certificate.

8. In cases where only a portion of the stock is transferred, the portion so conveyed will be noted on the back of the original certificate, and the purchaser will receive a certificate for an amount corresponding to the portion transferred.

9. Forms of transfer and of special Powers of Attorney for effecting sales or purchases are always available at the Banks of Bengal, Madras, and Bombay on payment of a trifling fee.

Transfer to London.

10. Proprietors of stock certificates who may be desirous of transferring the whole or any portion of the amount to England can, on application, obtain from the Bank of Bengal, Madras, or Bombay a non-transferable certificate, on production of which at the Bank of England the amount of stock so advised will be registered in the name of the payee and a certificate issued for the same.

Fees.

11. No enfacement or renewal fees will be levied in respect of the issue of stock certificates; but each such certificate issued by the Bank of Bengal, Madras, or Bombay will be chargeable at the rate of one rupee for every R5,000 or part of R5,000.

12. A fee of four annas per cent. is chargeable on each Note issued in lieu of a stock certificate, if the Note does not exceed R400, and of one rupee, if it exceeds that sum.

Payment of Interest.

13. Warrants for the interest due on Registered Debt may be made payable at a Public Debt Office or at any Government Treasury.

14. In the absence of any special arrangement, the interest warrant will, if payable at the Public Debt Office, be delivered, on or after due date, to the Registered Proprietor or his Agent or to the bearer of a letter from either of them on personal application for it. If it is payable at a Treasury, it will be sent to such Treasury, and will be similarly delivered by the Treasury Officer to the Registered Proprietor or his Agent or to the bearer of a letter from either of them.

15. But, if preferred, the warrant will be sent by post to the Registered Proprietor or his Agent at any address mentioned in a written application which may be made once for all, and will be acted upon until it is revoked.

16. The warrants will be paid on presentation at the Public Debt Office or the Treasury, as the case may be.

Form of Certificate.

17. The form in which stock certificates will be issued under this Notification is printed below.

18. This Notification supersedes paragraph 1 of the Notification of this Department, No. 4565 A., dated the 20th October 1893.

SANITARY.

The 18th January, 1895.

No. 24.—THE following translation of the special Regulations of the Ottoman Board of Health applicable to the Mecca Pilgrimage of 1894-95, received through Her Majesty's Secretary of State for India, is published for general information :—

SPECIAL REGULATIONS APPLICABLE TO THE MECCA PILGRIMAGE OF 1894-95.

Year of the Hegira 1312.

Article 1.—From the beginning of the month of Rajab, until the end of the month of Zilhijja (that is to say, from the 28th December 1894 to end of June 1895), the lazaretto of Camaran will be open to receive arrivals by sea subject to quarantine.

Article 2.—During the period of the six months mentioned above (Rajab, Shaban, Ramazan, Shawwal, Zilkaada, Zilhijja), pilgrim vessels coming from beyond the Straits of Babelmandeb, whatever the tenor of their Bills of Health, must proceed direct to the Island of Camaran, without calling at any other port on the littoral of the Red Sea.

Article 3.—Pilgrim vessels are vessels which are chartered to carry pilgrims proceeding to the Hedjaz.

Article 4.—Vessels bound for the Red Sea having on board not more than one pilgrim for every 100 tons of registered tonnage, are not included in the definition of pilgrim vessels. Such vessels will be dealt with, according to the tenor of their Bills of Health, conformably to the General Regulation of 1867 applicable to arrivals from cholera-infected places.

Article 5.—Vessels carrying not more than five pilgrims for every 100 tons of registered tonnage can proceed to Abu-Saad where they will discharge their pilgrims and merchandise subject to quarantine destined for the Hedjaz.

Quarantine will also be performed at Abu-Saad by the 'Sambouks' and other coasters subject to quarantine proceeding from one port to another of the Red Sea littoral.

Article 6.—For this purpose a lazaretto is established at Abu-Saad, as a branch of the Camaran lazaretto, which will be open throughout the year to arrivals specified in Articles 4 and 5 of this Regulation.

Article 7.—Vessels upon which cases of cholera or suspicious cases have occurred, either in the port of embarkation or during the voyage, will undergo (both vessels and pilgrims) quarantine for 15 days at Camaran. This quarantine will be renewed each time a cholera case occurs among crew or passengers after their arrival at the lazaretto and will date from the last case of sickness. In such cases, the provisions of the Cholera Regulation of 1867 will be strictly applied.

Article 8.—When a batch of pilgrims has suffered from cholera during their stay at Camaran, they will not be admitted to free pratique at Jeddah until they have undergone a supplementary quarantine for five days and vigorous disinfection at the lazaretto at Abu-Saad.

Vessels carrying such pilgrims may, however, clear in quarantine in conformity with Article 16 of the principal Regulation after landing at Abu-Saad the pilgrims and their baggage and merchandise destined for Jeddah.

Article 9.—Indian or Malay pilgrims who take the indirect route *viâ* Suez to the Hedjaz will be subjected to quarantine, unless they can prove, on their arrival at Jeddah, by their passports or other official documents, that they have come from beyond the Suez canal, or that they have spent at least ten days in Egypt in free pratique and in good health

Vessels embarking at Suez Indian or Malay pilgrims who do not fulfil these conditions will be treated as infected, and will have to proceed to Camaran, at any rate in certain cases, to undergo quarantine there according to the country of origin of the pilgrims in question.

Article 10.—Merchandise destined for Yemen not susceptible of infection can be landed at Hodeida under the supervision of the sanitary authority.

Article 11.—Vessels coming from beyond the Suez canal and Egypt with unclean Bills of Health must proceed to Camaran for quarantine.

Article 12.—Pilgrim vessels which arrive from ports where cholera exists, but have had no cholera case during the voyage or after arrival, will undergo (vessels and pilgrims,) a quarantine for ten days. Merchandise coming from a cholera-infected port will remain on board, if there have been no cholera cases during the voyage or after arrival, and will be exempt from disinfection and from sanitary fees, except in the case of old personal effects and stuffs already used, unwashed wool, old cottons, horse hair and feathers, raw hides and other raw animal products, as well as rags of all kinds, which will be subject to the provisions of the Cholera Regulation of 1867.

Article 13.—No pilgrim vessel, even when admitted to free pratique, will be allowed to leave Camaran without re-shipping, after the performance of their quarantine, all the pilgrims brought by her.

Article 14.—Vessels coming from the Persian Gulf and Zanzibar with pilgrims on board bound for the Hedjaz will also proceed to Camaran where they will be detained 24 hours for

the disinfection of the effects and wearing apparel of the pilgrims and crew. These vessels will, however, be treated according to the tenor of their Bills of Health, in the manner provided by the Cholera Regulation of 1867.

Article 15.—Sambouks coming from beyond the Straits of Babelmandeb with pilgrims will be subject to the same rules as vessels specially chartered for pilgrims. They must proceed direct to the anchorage of Camaran, and will be excluded from all other Arabian ports on the Red Sea.

Article 16.—The embarkation on board a pilgrim vessel of live animals, as well as hides, animal products, rags of all kinds, coal, petroleum, and all other inflammable or explosive material, except such coal and animals as are necessary for the service and provisioning of the vessel during the voyage, is strictly prohibited.

Article 17.—All vessels embarking more than 100 pilgrims must be provided with a medical man licensed by authority in the country of departure, as well as with medicines, disinfectants and articles necessary for the care of the sick. A special place must be arranged on the deck as a hospital. Attendance and medicine will be given gratuitously.

Article 18.—On the arrival of a pilgrim vessel at Camaran or at Abu-Saad, as the case may be, all pilgrims will be disembarked and undergo the usual medical examination. If the condition of the vessel is good, and no suspicious case has occurred during the voyage, the vessel and the pilgrims will undergo five full days' quarantine, and their clothing and effects will be disinfected, but the cargo will be subject to the provisions of the Cholera Regulation of 1867.

Article 19.—The sanitary authority will not allow the departure of a pilgrim vessel from any port in the Empire without assuring himself that it satisfies the followig conditions: *viz.*,—that the vessel is fit to undertake the voyage without danger; that she is well equipped, well-regulated, well ventilated, provided with a sufficient number of boats; and that she contains nothing on board that is or may become injurious to health or prejudicial to the safety of the passengers; that there are on board suitably stored, besides the provisions of the crew, food, drinking water of good quality and fuel, in sufficient quantity for all the pilgrims and for the entire declared duration of the voyage. This last provision, however, in so far as it concerns food, is strictly applicable only to vessels passing the Straits of Babelmandeb. For all other vessels the Captain is bound to have food only in the proportion necessary for the wants of the pilgrims who may have contracted to be fed on board during the entire voyage. The sanitary authority will refer to the authority to which the vessels are subject for the application of those of the above provisions which do not concern him directly.

Article 20.—Every pilgrim vessel which does not conform to the provisions of the present Regulation will be held to have contravened sanitary rules and be liable to extreme measures regarding quarantine.

Article 21.—Vessels carrying pilgrims are strictly subject to the following instructions concerning the measuring of pilgrim vessels.

Read and adopted in meeting of the Superior Council of Health, the 10th and 22nd December 1891, and amended the 23rd and 25th December 1893, and 27th and 29th October 1894.

Instructions regarding the measurement of pilgrim ships referred to above in Article 21.

1. Only steamers and ships propelled partly by steam and partly by sail are authorised to carry pilgrims on voyages beyond the Straits of Babelmandeb or beyond the Suez Canal.

2. The space to be given to each pilgrim irrespective of age or sex shall be at least 9 superficial feet and 54 cubic feet, between decks. No passenger shall be accommodated in the ship's hold; and the deck, free of all goods, shall be reserved for the use of the crew and the passengers travelling between decks.

3. Any ship which can produce an official certificate furnished by the authority on which it is dependent, proving its capacity with regard to the number of passengers that can be embarked, shall not be liable to a second measurement, except in the event of the size, capacity and arrangements of the ship being found by the sanitary authority not to be in accord with the number of passengers shown in the certificate.

4. Any ship sailing under the Turkish flag, which is unable to produce an official certificate of measurement, shall be measured by a competent officer of the Imperial Marine, to be named by the local authority, with the assistance of the sanitary authority of the port where the ship happens to be; the service rendered by the sanitary authority in such a case is gratuitous.

As regards ships belonging to a foreign marine and not possessing official certificates of measurement, the sanitary authority shall give them the opportunity of producing the documents required in communication with their respective Consuls. The Consul can, if he so desires, cause the measurement in question to be made by the competent local authority in accordance with the requirements of Article 2 above.

5. The Sanitary authority shall refuse to give a Bill of Health to any ship which has embarked pilgrims without the necessary certificate.

Read and adopted in meeting of the Superior Council of Health, the 10th and 22nd December 1891.

PENSIONS AND GRATUITIES.

RESOLUTION.

The 18th March 1895.

READ—

Despatch to the Secretary of State for India, No. 169, dated 6th June 1893.
Despatch from the Secretary of State for India, No. 188 (Financial), dated 21st September 1893.

RESOLUTION.—The Governor-General in Council is pleased to announce that Her Majesty's Secretary of State has sanctioned the extension of the scale of pensions laid down in Article 712 of the Civil Service Regulations to officers of the Forest Department who have been, or may hereafter be, appointed from England to that Department.

2. The provisions of that Article are accordingly extended to the officers in question; but inasmuch as the existing rules (Articles 518 to 520 of the Civil Service Regulations) now applicable to officers of the Forest Department are in certain contingencies more advantageous than the scale laid down in Article 712 of the Regulations, His Excellency in Council is pleased to allow every officer of the Forest Department appointed from England, now in the service, the option of choosing between the two scales of pension, and to direct that the new scale shall not be extended to any officer who prefers to remain under the existing rules of his service.

3. All officers appointed from England to the Forest Department in India, who are now in the service, are accordingly required to state, within a period of six months from the date of this Resolution, whether they prefer to remain under the existing rules which govern their pension, or elect the scale in Article 712 of the Civil Service Regulations. In the event of an officer electing to remain under the existing rules, the privilege of retiring under those rules will be reserved for him so far as he is concerned, and the new scale will not apply to him. In all other cases the old scale of pensions will cease to apply.

4. The decision arrived at by each officer in India as to the scale of pensions he prefers to abide by should be communicated by the Local Government or Administration concerned to the Government of India in the Revenue and Agricultural Department.

5. The question of granting to the members of the Forest Department special additional pensions of the kind mentioned in Article 714 of the Civil Service Regulations is now under the consideration of the Government of India, and any such pension which may be admitted hereafter will apply equally to officers under the new scale of pensions and to those who may elect to remain under the existing scale. Article 503 of the Civil Service Regulations will also for the present apply, whichever scale of pension may be elected; and should any change hereafter be made in respect of the superannuation of Forest officers, no difference will be made between officers on the different scales of pension.

ORDER.—Ordered, that copy of this Resolution be forwarded to the Revenue and Agricultural Department for information; and that it be published in the *Gazette of India.*

JUDICIAL.

No. 309.—The following draft of rules, which it is proposed to issue under sections 26 and 27 of the Cantonments Act, 1889, in supersession of the rules published in G. G. O. No. 617, dated the 4th July, 1890, is, as required by section 27 of that Act, hereby published for the information of persons likely to be affected thereby.

The draft will be taken into consideration on the expiry of one month from the date of this notification.

Draft Rules.

Under sections 26 and 27 of the Cantonments Act, 1889, the Governor-General in Council is pleased to make the following rules and to direct that they shall be general for every cantonment in British India :—

1. As many hospitals as may be necessary, within or without the limits of the cantonment, as the cantonment authority with the concurrence of the District Magistrate may determine, shall be maintained at the expense wholly or in part of the cantonment fund.
2. A medical officer, to be appointed in such manner as the Local Government may direct, shall be in charge of every such hospital.
3. A person admitted to such a hospital shall be treated gratuitously; and if such person is without means of support, and is either a resident of the cantonment or was admitted to the hospital on the request of the cantonment authority or of any officer of that authority, shall receive from the cantonment fund such subsistence allowance not being less than the lowest allowance for the time being fixed by the local Government under section 338 of the Code of Civil Procedure as the cantonment authority may determine.
4. Every such hospital shall have attached to it one or more wards for the treatment of persons suffering from infections or contagious disorders.
5. If the medical officer for the time being in charge of any such hospital is informed upon testimony which he believes to be credible that any person living in the cantonment is suffering from Cholera, Small-pox, Diphtheria, or Typhoid Fever, he may by notice require such person to attend at the hospital at a time to be mentioned in such notice, and if, upon the attendance of such person in pursuance of such notice or otherwise, he shall ascertain that such person is in fact suffering from any of the abovementioned disorders, he may require such person to remain in the hospital until he shall have been pronounced free from such disorder, or may give such other direction in the matter as may seem to him most expedient for the purpose of preventing the spread of such disorder.
6. If any person upon whom any such notice as is mentioned in the last preceding rule shall have been served shall refuse or neglect to attend at the hospital in pursuance of such notice, he shall be deemed to be suffering from such disorder as aforesaid, and to have refused to go to the hospital.
7. If the medical officer for the time being in charge of any such hospital certifies in writing to the Commanding Officer of the cantonment that any person living in the cantonment is or is deemed to be suffering from any of the disorders mentioned in rule 5, and that such person has refused or is deemed to have refused to go to the hospital, or that he, having gone to the hospital, has left it while still under the influence of such disorder, and that the continuance of such person in the cantonment is likely to be attended with danger to the health of the other inhabitants of the cantonment or some of them, the Cantonment Magistrate may, on the application of such medical officer, order such person to remove from the cantonment within twenty-four hours, and prohibit such person from remaining in or re-entering it without the written permission of such medical officer.
8. Save as aforesaid, no person shall be required to attend at or become a patient in any such hospital, nor shall any person under any circumstances be detained in any such hospital against his will, nor shall any person except at his own request, be examined by any such medical officer as aforesaid, or any other person acting under Government authority with a view to ascertaining whether he is or is not suffering from any infections or contagious disease.
9. If a person having been prohibited under rule 7 from remaining in or re-entering a cantonment remains in or re-enters the cantonment without such written permission as is mentioned in that rule, such person shall be punished with fine which may extend to fifty rupees, or with imprisonment for a term which may extend to eight days, for every breach of the said prohibition.

10. No person known to be a prostitute shall, under any circumstances, be permitted to reside within the limits of any regimental bazar.

EXPLANATORY NOTE, REFERRED TO IN THE BEGINNING OF THE LIST.—The following extract from the Government of India's Despatch No. 9, dated 9th January 1895, explains the principle on which these Departments have been divided into Imperial and Provincial :—

"4. In the case of the following Departments only, *i.e.*,
the General (Executive and Judicial) Administration,
the Education Department,
the Forest Department,
the Survey Department,

have we found it possible to effect a complete division between the Imperial and Provincial branches, and in their case we accept the view that the favourable leave rules should apply, as a general rule, only to officers in the Imperial Branch of the Service.

"In the case of the General (Executive and Judicial) Administration, except as regards the appointments at Presidency Towns and one or two other miscellaneous appointments, the distinction between Imperial and Provincial Services is clear. All officers holding posts in the cadre of the Indian Civil Service, other than members of the Provincial Service and natives of India appointed in accordance with rules framed under section 6 of 33 Vict., Cap. 3, to posts listed as open to the Provincial Service, form the Imperial Branch of the Service and will be subject to the more favourable leave rules. All other officers, including those specially appointed to listed posts, will belong to the Provincial Service and will come under the less favourable rules.

"In the Education Department the members of the future European Eductional Service, together with officers who will have the option of entering that Service, but prefer to retain their present graded posts, will form the Imperial Branch of the Department, and they alone will come under the leave rules for the European Services in Chapter XIII of the Civil Service Regulations.

"The Forest Department has already been divided into Imperial and Provincial branches. The Imperial Branch is manned by officers recruited in England and will ultimately consist of 80 per cent. of the present staff of upper control. All the members of this Imperial Branch will be entitled to the more favourable leave rules. The less favourable rules will apply to the members of the Provincial Branch, which is to be recruited in India from natives of India, and to consist of (a) the entire lower controlling staff, and (b) eventually 20 per cent. of the upper controlling staff.

"In the Survey Department the Imperial Branch has been formed out of the Present Senior Division *minus* ten appointments which have been surrendered to the Provincial Branch, and will ultimately consist of 38 appointments. The Provincial Branch will consist of the present Junior Division with the addition of the ten appointments taken from the present Senior Division, and will eventually include 142 appointments in all. The recruitment for the Imperial Branch will be, as at present restricted (with two exceptions) to Military officers, who will all be entitled to the more favourable leave rules. The exceptions alluded to are the Civilian specialists appointed either by the Secretary of State, or with his special sanction, to the Dehra Computing Office and the Calcutta Photographing Office, and these also will receive the benefit of the better rules. There will be open recruitment from amongst natives of India for the Provincial Branch by competition amongst approved candidates, and the less favourable leave rules will apply to all members of this branch.

The 20th September 1895.

RESOLUTION—By the Government of India, Finance and Commerce Department.

Despatch to the Secretary of State for India, No. 169, dated 6th June 1893.

Despatch from the Secretary of State for India, No. 188 (Financial), dated 21st September 1893.

RESOLUTION.—The Governor-General in Council is pleased to announce that Her Majesty's Secretary of State has sanctioned the extension of the scale of pensions laid down in Article 712 of the Civil Service Regulations to officers appointed from England to the Geological Survey Department.

2. The provisions of that Article are accordingly extended to the officers in question but inasmuch as the existing rules (Articles 518 to 520 of the Civil Service Regulations) now applicable to officers of the Geological Survey Department are in certain contingencies more advantageous than the scale laid down in Article 712 of the Regulations, His Excellency in Council is pleased to allow every officer of the Department appointed from England now in the service, the option of choosing between the two scales of pension, and to direct that the new scale shall not be extended to any officer who prefers to remain under the existing rules of his service.

3. All officers appointed from England to the Geological Survey Department in India who are now in the service, are accordingly required to state, within a period of six months from the date of this Resolution, whether they prefer to remain under the existing rules which govern their pension, or elect the scale in Article 712 of the Civil Service Regulations. In the event of an officer electing to remain under the existing rules, the privilege of retiring under those rules will be reserved for him so far as he is concerned, and the new scale will not apply to him. In all other cases the old scale of pensions will cease to apply.

4. The decision arrived at by each officer in India as to the scale of pensions he prefers to abide by should be communicated by the Director to the Government of India in the Revenue and Agricultural Department.

5. Article 503 of the Civil Service Regulations will apply to members of the Geological Survey whichever scale of pension may be elected; and should any change hereafter be made in respect of their superannuation, no difference will be made between officers on the different scales of pension.

ORDER.—Ordered, that copy of this Resolution be forwarded to the Revenue and Agricultural Department for information; and that it be published in the *Gazette of India*.

CANTONMENTS.

TAXATION.

No. 1139.—In exercise of the powers conferred by section 25 of the Cantonments Act (XIII of 1889), the Governor-General in Council is pleased to extend to the Cantonment of Barrackpore, sections 287 to 294, both inclusive, section 296 and sections 298 to 307, both inclusive, of the Bengal Municipal Act, III of 1884, in the modified form hereto annexed.

Sections 287—294, 296 *and* 298—307 *of the Bengal Municipal Act,* 1884, *as adapted to the Cantonment of Barrackpore.*

287. The Cantonment Committee shall provide a supply of water within the limits of the Cantonment, and for this purpose it shall be lawful for them to cause such mains and pipes to be laid, and such tanks, reservoirs or other works to be made and constructed as shall be necessary for the supply of water in the chief public roads; and they may also erect in all such roads sufficient and convenient stand-pipes or pumps for the use of the inhabitants of the Cantonment for domestic purposes.

288. A supply of water for domestic purposes shall not include a supply of water for animals or for washing carriages, where such animals or carriages are kept for sale or hire, or a supply for any trade, manufacture, or business, or for watering gardens or roads, or for any ornamental or mechanical purpose.

289. The Cantonment Committee at a meeting shall determine what pressure of water shall be maintained in their service-pipes and mains, and during what hours such pressure shall be continued; and any rule made under this section shall be published in such manner as the Committee may direct, and shall not be altered except with the sanction of the Committee at a meeting.

290. Whenever the Cantonment Committee deem it practicable and consistent with the maintenance of an efficient water-supply, they may at a meeting and subject to such rules and conditions as the Local Government may make and impose, allow the owners and occupiers paying the water-rate hereinbefore mentioned, to lay down communication-pipes from the service-pipes of the Cantonment Committee for the purpose of leading water to their premises for domestic purposes.

291. The communication-pipes and all fittings thereon leading water from the service-pipe of the Cantonment Committee into any house or land, and the pipes, works, and fittings inside the house or land, must in all cases be executed subject to the inspection and satisfaction of the Cantonment Committee.

Such communication-pipes, works, and fittings may be made by the servants and workmen of the Cantonment Committee upon such terms as may be agreed upon between the Committee and the person requiring the supply, or subject to such charges as may be fixed by the Committee, and the Committee may require the amount necessary for the execution of such works to be paid or deposited before such works are executed.

And such charges and expenses shall be recoverable in the same manner as the water-rate.

292. Any officer authorised in that behalf by the Cantonment Committee may, between the hours of seven in the forenoon and five in the afternoon, enter into or on any house or land supplied with water as aforesaid in order to examine all pipes, works, and fittings connected with the supply of water, and to ascertain whether there be any waste or misuse of such water.

And if such officer at any such time be refused admittance into such house or land for the purposes aforesaid, or be prevented from making such examination, the Cantonment Committee may forthwith cut off the supply of water from such house or land;

Provided that nothing hereinbefore contained shall authorize an entry into any room appropriated for the zenana or residence of women, which, by the custom of the country, is considered private, unless a notice in writing of not less than four hours be given.

293. In the event of any pipes, works, or fittings connected with the supply of water to any house or land being at any time found, on examination by any officer of the Cantonment Committee authorised in that behalf, to be out of repair to such an extent as to cause waste of water, the Cantonment Committee may cause the water to be turned off from such house or land, after giving notice in writing of not less than twenty-four hours, and may recover from the occupier of such house or land the expense incurred for turning off the water.

294. The Cantonment Committee may supply water for purposes other than domestic purposes, and may, subject to such charges and rates as may have been fixed by the Committee at a meeting, lay down, or allow to be laid down, the necessary pipes and works of such dimensions and character as may be approved by them.

296. It shall be at the option of the Cantonment Committee to provide filtered or unfiltered water for all latrines and water-closets, and it shall be lawful for them to require that all latrines and water-closets supplied with water, filtered or unfiltered, shall be provided with a cistern of such size and description as the Cantonment Committee shall direct, and all such cistern shall be put up at the cost of the owner of the house or land so supplied with water.

298. The occupier of any house or land in which water supplied by the Cantonment Committee is, from negligence or other circumstances, under the control of the said occupier, wasted; or in whose house or land the pipes, works, or fittings for the supply of water shall be found to be out of repair to such an extent as to cause waste of water, shall be liable to a fine not exceeding twenty rupees.

299. Any person otherwise causing waste of water supplied by the Cantonment Committee shall be liable to a fine not exceeding five rupees.

300. It shall be within the discretion of the Cantonment Committee to allow any person not residing within the limits of the Cantonment to take or be supplied with water for domestic use, on such terms as the Committee in meeting may from time to time prescribe.

And any person taking or causing to be taken for use, outside the limits of the Cantonment, water supplied by the Cantonment Committee, without the permission of the Committee, shall be liable to a fine not exceeding fifty rupees.

301. Before a connection for the supply of water from the service-pipes of the Cantonment Committee to any house or lands is sanctioned, the Cantonment Committee may cause all the works, pipes and fittings within the said house or land to be inspected by an officer appointed by them in that behalf.

And the cost of such inspection shall be payable in advance by the person applying for such connection at such rates as the Cantonment Committee in meeting shall from time to time direct.

And until such officer shall have certified to the Cantonment Committee that the works, pipes and fittings have been executed and put up in a satisfactory manner, a connection with the Cantonment Committee's service-pipes shall not be permitted.

302. The connection with the service-pipes of the Cantonment Committee, as also the laying of supply pipes under any public road or thoroughfare, shall be executed by an officer of the Committee authorized in that behalf and by no other person.

And the expense of making such connection shall be payable in advance by the person applying for the same, at such rates as the Cantonment Committee in meeting shall from time to time direct.

303. Any person who shall unlawfully flush, draw-off, divert or take water from any water-works belonging to, or under the control of, the Cantonment Committee by which such water-works are supplied shall be liable to a fine not exceeding one hundred rupees.

304. No works for introducing a supply of water to any house shall be commenced by the owner without sending a specification and estimate of the cost thereof to the occupier, nor by the occupier without sending such specification and estimate to the owner.

305. Except in the case of special agreement to the contrary, the owner of any house or land shall bear the expense of keeping all works connected with the supply of water to such house or land in substantial repair:

Provided that nothing in this section shall affect the liabilities of parties under leases executed previous to extension of these provisions to the Cantonment in which the said house or land is situated.

306. All public tanks, reservoirs, cisterns, wells, aqueducts, conduits, tunnels pipes, pumps, and other water-works, whether made, laid or erected at the cost of the Cantonment Committee or otherwise, and all bridges, buildings, engines, works, materials, and things connected therewith or appertaining thereto, and also any adjacent land (not being private property) appertaining to any public tank, shall become vested in the Cantonment Committee

307. The water-rate and all the moneys collected, received, or recovered for or in respect of the supply of water or the execution of works, and all fines connected therewith, or in any respect relating to the water-supply, shall be applied by the Cantonment Committee in defraying the expense of making, extending, or maintaining the water-works, in the payment of such a proportionate share of the cost of collection and of general supervision as the Committee in meeting may from time to time direct, in paying the interest of money borrowed for the water-works, and in the liquidation of debts incurred in connection therewith, or for some other purpose connected with the supply of water.

INDIA OFFICE.

London, 18th July 1895.

udicial,
Io. 23.

'o His Excellency the Right Honourable the Governor General of India in Council.

MY LORD,

19th June 1895.

I forward a copy of a letter (with enclosures) from the Right Honourable Lord Herschell with reference to the newly constituted Society of Comparative Legislation of which he is the 'resident.

2. I request that your Excellency in Council will take the matter into your conideration and adopt such means as you may think best fitted to further the objects ıf the Society.

I have the honour to be,

My Lord,

Your Lordship's most obedient, humble Servant,

GEORGE HAMILTON.

HOUSE OF LORDS, S. W.

The 19th of June 1895.

SIR,

AS President of the Society of Comparative Legislation and at the request of the Council of that Association I have the honour to invite your co-operation in furthering the objects of the Society, and your assistance in bringing those objects to the notice of the Indian Governments.

2. The Society as you are aware took its inception from a valuable paper read by Sir Courtenay Ilbert, K.C.S.I., before the Fellows of the Imperial Institute on the 1894, and definitely took shape at a large and important inaugural conference held at the Imperial Institute on the 19th of December 1894, over which I had the honour to preside.

3. The Society has since obtained more definite organization; the Council and the Executive Committee have been formed, and a formal constitution and prospectus or scheme of the objects of the Society have been drawn up. Of these documents, I have now the honour to enclose copies, in the hope that you will be good enough to have them placed on record in your Department, and that you will also forward copies to the Governor General of India and the Governors of Madras and Bombay for their consideration accompanied with an invitation that they will severally take such action as may appear best calculated to advance the objects which this Society has in view and to promote the study of comparative law.

4. Those objects are both practical and scientific. The Society is intended to be of service to legislative bodies both here and elsewhere, to practising lawyers and to jurists, and students of sociology. If the authorities in India will help us, we believe that we shall be able to repay any assistance they may render, by communicating to each the results of the work to which all will have contributed, after that work has been arranged, assimilated and supplemented by ourselves.

5. I do not enlarge further upon the objects of the Society for these are fully detailed in the documents which I enclose, but it may be well that I should briefly indicate the nature of the assistance which those who are so disposed can afford us. It i

hoped that many persons in India will help in the useful work to be done by the Society so far as to become subscribing members of it, and it would be useful, if in each province having a legislature persons of position would consent to act as Local Agents, for the purposes of procuring subscriptions to the Society and otherwise assisting its objects. I should be glad to think that branch Societies will eventually be formed, from whom the Central Society may receive valuable suggestions and co-operation. But at present I can do no more than ask that suitable persons may be found to accept the position of corresponding members to whom our communications may be addressed and from whom we may obtain information. I trust that we shall be so fortunate as to secure as our correspondents either the Chief Justices or some other Judges or the Advocate-General or some other barristers who will carry sufficient weight to enable them to organise branches of the Society.

6. I have ventured to ask you to become on this occasion the medium of communication with the Indian Governments as it has appeared desirable that the first communication from the Society should reach India in the most influential manner; but I have no wish to trespass further upon your kindness, and any replies that this letter may produce will I trust be sent direct to me at the Imperial Institute and the Secretaries will then know to whom future letters from the Society should be addressed.

7. It would not be becoming in me to make suggestions to the authorities in India as to the mode in which the subject dealt with in this letter should be treated, but I venture to think that the Society will be more successful if it is remembered that work of the character required comes better as the fruit of individual effort, than as the result of directions emanating from a Government Institution.

Yours, etc.,

Herschell.

The Right Honourable

H. H. Fowler, M.P.

THE SOCIETY OF COMPARATIVE LEGISLATION.

A Conference, presided over by the LORD CHANCELLOR, was held at the Imperial Institute, on the 19th December 1894, to consider the best means of furthering the study of Comparative Legislation, as suggested in a paper lately read at the Institute by Sir Courtenay Ilbert, K.C.S.I. The following Resolutions were passed:—

Moved by the LORD CHANCELLOR, seconded by SIR ROBERT HERBERT, G.C.B.:—

(1) "That it is expedient to establish a Society of Comparative Legislation, with the object of promoting knowledge of the course of Legislation in different countries, more particularly, in the several parts of Her Majesty's Dominions, and in the United States."

Moved by LORD HOBHOUSE, K.C.S.I., seconded by SIR RAYMOND WEST, K.C.I.E.:—

(2) "That, for this purpose, a Council be formed with instructions to nominate an Executive Committee, charged with the duty of preparing a Constitution for the Society, and of indicating the best mode of carrying out its objects."

Moved by the LORD CHIEF JUSTICE OF ENGLAND, seconded by MR. THOMAS RALEIGH:—

(3) "That the Lord Chancellor be the first President of the Society."

These resolutions were the origin of the Society. Some further explanation of its objects, however, may be needed.

They are both practical and scientific. The Society is intended to be of service to legislative bodies, practising lawyers, jurists and students of sociology.

To jurisprudence the Society will apply the comparative method of investigation, which has already proved fruitful. It will gather together, epitomise, and arrange materials now scattered through many periodicals, or to be found only in official documents of which few libraries contain copies, and it will otherwise endeavour to promote the study of comparative law. Chief among its aims will be the collecting of information as to the statute law and the forms and methods of legislation in the British Empire and the United States.

In France, Germany and America, similar associations exist; and it has long been matter of surprise that no such society has been formed in the British Empire, with its great variety of legal systems. In India, where English, Hindoo, and Mahomedan law co-exist, and have affected each other, and where ancient customs of interest to the legal historian are still observed, and in our colonies, dependencies, and possessions, in which French, Roman-Dutch, and Spanish law subsists, will be found a vast field for the work of a Society of Comparative Legislation. In extent and variety, the jurisdiction of the Judicial Committee of the Privy Council, as a Court of Appeal, is unequalled. In a single year, it may be called upon to consider questions of constitutional law of moment to all civilised countries, cases dependent on Hindoo or Mahomedan law, on texts of the Digest, on the Ordonnances of Louis XIV, on the Coutume de Paris or other portions of the old customary law of France before the Revolution, or on the ancient customs of Normandy. It is somewhat remarkable that there should not have long ago been founded a society for the scientific study and comparison of the very diverse laws brought before the Appellate Court of the colonies and possessions of the British Empire.

Benefits, direct and indirect, from the labours of the Society may be counted upon.

In the British Empire are some 60 Legislatures; in the United States are nearly 50. Each of them is occupied with much the same problems. The same questions as to criminal law and the administration of justice, capital and labour, marriage and divorce, patents and literary property, the regulation of the sale of intoxicating liquors, education, railways, companies, bankruptcy, merchant shipping and mercantile law generally, come from time to time before the British and Colonial Parliaments, and the Legislatures of the States of the American Union. Experiments as to similar subjects are being made by more than a hundred legislatures in English speaking countries.

It is not uncommon, on the introduction of measures into Parliament, to refer to the laws of other countries. At present the results of foreign experiments are only imperfectly and casually brought to the notice of those who might profit by them; and enactments may be proposed and adopted in one English speaking community in ignorance of the fact that similar measures have after trial been abandoned or modified in another. Much, it is conceived, might be learned with advantage both as to the substance and as to the form of legislation, and many mistakes might be avoided, if precedents derived from the experience of other countries were collected and studied. In the future changes in criminal law, for example, it would be advantageous to have some acquaintance with the provisions of the Criminal Codes passed after careful discussion in Germany, Holland, Italy and Hungary. Impressed by the advantage of ascertaining systematically the course of foreign legislation, M. Dufaure established, in connection with the French Ministry of Justice, the *Comité de Législation Etrangère*, the duty of which was to collect and arrange information as to foreign laws. M. Dufaure's action has, it is believed, been justified by the results. It is hoped that the Society of Comparative Legislation may render services of a similar kind, and may be the means of enabling Governments and Legislatures to profit by useful precedents.

English speaking races shew a tendency towards unity in law. Our colonies borrow the principle and form of many statutes from England. The United Kingdom also borrows from the colonies. Among the colonies themselves, there is a like movement, and the same interchange goes on between the United Kingdom and her colonies and the United States. No fewer than 36 States of the American Union, it is alleged, have adopted the Australian Ballot system. The Torrens system of land transfer, which had its origin in South Australia, and the provisions of which were to some extent founded on the register of British ships, has been adopted in many of our colonies. One law as to Bills of exchange may be said to exist throughout the Colonial Empire. A similar statute is in force in India. Several of our colonies have adopted a bankruptcy law borrowed from the English statutes of 1861, 1869, and 1883.

The open and avowed adoption of statutes gives no complete idea of the extent of assimilation. Uuderneath differences of phraseology will be found a tendency to approximation even in colonies and possessions where the English common law never prevailed. The Roman-Dutch law, for example, in both South Africa and Ceylon, has been modified by the introduction of elements borrowed from English statute and common law.

Very often the local differences are unimportant and accidental. In the United States are some 47 different systems for conducting civil litigation. But for the most part they are based on the New York Code, the English Common Law Procedure Acts and the Judicature Acts. "While nearly every one of these diverse systems is founded upon one or the other of two models, and conforms to its model in all substantial particulars, probably no two of them are alike in every respect." In some colonial statutes relating to procedure, it is stated that, "unless it is otherwise provided," the procedure shall be regulated by the practice in the Superior Courts in England.

English Mercantile Law is already to a large extent the law of all English speaking countries. On this subject the same rules are acted upon, the same decisions and text books are cited with respect, in all courts of the British Empire and in the United States. The statutory modifications of the *Lex mercatoria* here and elsewhere are similar. The Indian Contract Act, embracing sale of goods, indemnity and guarantee, bailment, agency and partnership, is framed upon English decisions and statutes. Our colonies and several States of the American Union have passed similar statutes altering the common law to meet the necessities of modern commerce. The Factors and the Companies Acts are cases in point; they are reproduced, generally with slight modifications, in colonial legislation. In the Cape Colony, where Roman-Dutch law is the basis, the Legislature has, by a single Act, incorporated a large part of the commercial law of England (Act 8, 1879). There is still, however, much diversity in the law relating to bankruptcy. In some parts of the British Empire no bankruptcy law proper exists. In the interest of commerce few legal reforms could be more beneficial than the adjustment and determination of rights in bankruptcy and the administration of bankrupt estates throughout the Empire according to the same principles.

There was a time when it seemed that Roman law might become the law of the world. In the early part of this century, the tendency in countries engaged in codifying their law was to take the Code Civil of France as a model. This is no longer the case. In recent times the tendency, especially as to commercial legislation, is to approximate to English Law. It has spread almost as widely as the English language or literature.

In accordance with a plan which has proved successful in the case of the American Bar Association and the *Institut de Droit International*, standing committees, entrusted with separate parts of the work of the society, will be formed. The number and nature of the committees will depend on the assistance which the society receives. But the intention is to begin with only a few important subjects.

One of the first committees to be formed will be a Statute Law Committee. In furtherance of its work, communications will be addressed to the Governments of British colonies and dependencies, with a view to obtain information as to the existing condition of statute law, and in particular as to the following points:—

I. The form of statute and written law.
II. Modes of preparing and passing bills.
III. Revision and amendment of statutes.
IV. Form and manner of publication and numbering of statutes.
V. Measures taken to secure uniformity of language.
VI. Consolidation and Codification.
VII. Indexing of statute law.

One result of the labours of the society may be, it is hoped, to bring about uniformity in regard to the form, numbering and publication of statutes; as to which there is now great diversity. Efforts will be made to procure the preparation, on some uniform plan of a satisfactory index of the statutes of each legislature; and perhaps it is not too much to hope that we may one day have a general index of the legislation of the British Empire. Mr. Stimson, in his Digest of the Laws of the States of the American Union, and the University of New York, in its Library "Bulletin," have shown what may be done within a moderate compass. Prepared not solely for the use of the lawyer, such an index as is here suggested might be of use to the statesman and student of sociology.

It may be expedient in the first instance to deal chiefly with statute law. This will not, however, be the sole work of the Society. As the Lord Chief Justice pointed out at the recent conference, the statute law of a country cannot be understood without reference to the common law on which it is based, and which it was intended to correct.

The services of those who are interested in different parts of comparative jurisprudence will be made use of. In India alone, which is at once, to cite Sir Henry Maine's language, "the great repository of verifiable phenomena of ancient usage and ancient juridical thought," and the scene of some of the most interesting modern experiments in legislation, is a limitless field for work such as the Society seeks to promote. There ancient and modern Codes co-exist. In customs and usages, still observed, are legal conceptions of which in the Western world are only obscure traces; and the meeting of several diverse systems of law has given rise to problems akin to those which in the decline for the Roman Empire arose from the contact of its law with the customs and laws of other States.

Here it may be pointed out that in no modern book is there an adequate treatment of the systems of law in force in the British Empire. The first and only edition of Burge's "Commentaries on Colonial and Foreign laws" is dated 1838.

Little can be done without co-operation in all parts of the Empire. It is intended to establish branches in the different colonies and possessions. From these branches valuable suggestions may be expected. With them, in great measure, must rest the success of the undertaking. It is desired to enlist the aid in particular of the Governors, Chief-Justices and Judges of our colonies, of Chambers of Commerce throughout the Empire, of the Inns of Court and Incorporated Law Societies, of the Universities, of the Diplomatic and Consular Services, and of the Bar Associations and Statute Revision Commissions in the United States.

Probably the work of the Society would be advanced by holding from time to time conferences. In Germany, Italy, Austria, and Switzerland, representative meeting of lawyers and jurists annually take place. At these meetings are discussed questions of interest to the legal profession and the public. It is no disrespect to existing associations to say that hitherto no meetings, with the objects here indicated, have taken place in England, or in any part of the British Empire; and it is believed that the utility of the new Society would be recognised, its objects would be shewn to be not merely academic but practical, if conferences were periodically held for discussion of legal matters affecting the whole Empire.

The information collected by the Society will be edited, and published in a concise and intelligible form, for the use of members.

The annual subscription will be £1 1s., payable to the Society's Bankers, Messrs. Child and Co., 1, Fleet Street, E.C., or to either of the Honorary Secretaries, to whom also any communications as to the Society should be addressed. A donation of £10 10s. will entitle to the privileges of life membership.

So soon as the Society has received sufficient support, it is proposed to apply to the Board of Trade for a license to incorporate it under section 23 of the Companies Act 1867.

RESOLUTION.

Simla, the 6th November 1895.

The Income Tax Act, II of 1886, came into operation from the 1st April 1886, and has therefore now been in operation for nine years, during which no change has been made in the rate of the tax. Except in the Financial Statement for 1888-89, which contained an account of the first year's administration of the tax, no general review of the working of the Act has as yet been published, and it is desirable now to present such a review for the whole period during which the tax has been levied to the year 1893-94, the most recent year for which final figures are available.

2. A set of statistical tables has been compiled and published in the volume of *Financial and Commercial Statistics for British India*, in which all the major facts connected with the administration of the tax from the time of its imposition are set forth for India collectively and for each province separately. The figures in this Resolution are taken from these tables.

3. The Act took the place of various Acts under which annual licenses were required for the exercise of any trades, dealings, or industries. Those Acts were in force in the provinces of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab; and in the last year of their existence the net revenue obtained from the taxation imposed under them amounted to Rx. 472,800. In the first year of the operation of the Income Tax Act the net revenue realised in those Provinces was Rx. 1,277,511.

4. The proceeds of the tax have increased steadily from year to year, the gross collections having risen from Rx. 1,369,180 in 1886-87 to Rx. 1,709,323 in 1893-94. The increase amounts to 24·84 per cent., being on an average over 3 per cent. annually.

The transactions during this period are shewn in the subjoined table:—

1	2	3	4	5	6	7
YEARS.	Gross collections.	Annual increase per cent.	Cost of collection.	Incidence of gross collections per head of population (Census of 1891).	Collections in Presidency towns.*	Percentage of column 6 on column 2.

* Calcutta, Bombay, and Madras.

It will be observed from the foregoing table that the collections in the three cities of Calcutta, Bombay, and Madras average nearly one-fourth of the collections in all India.

There is a steady increase both in the gross collections and in their ratio to the population, and this is no doubt due as much to the increasing wealth of the people, as well as to the increasing experience of the officers engaged in the administration of the tax.

5. The average annual gross collections have been distributed as follows under each of the classes specified in the Schedule of the Act during the period mentioned:—

I,	Salaries and Pensions	29·70 per cent.
II,	Profits of Companies	5·95 ,,
III,	Interest on Securities	5·84 ,,
IV,	Other sources of Income	58·51 ,,

6. The average collections in each province are given below:—

	Average annual collections.		Average annual collections.
	Rx.		Rx.
Bengal	391,005	Central Provinces	33,928
Bombay	343,511	Assam	21,798
North-Western Provinces and Oudh	220,644	Ajmere-Merwara	9,853
Madras	163,582	Hyderabad	4,267
Punjab	110,724	Bangalore	3,087
Burma	61,529	Coorg	1,251

The largest collections are in Bengal which has the largest population of any of the provinces and, of course, includes the city of Calcutta; the Presidency of Bombay with a smaller, but a generally wealthier population, contributes nearly as much; and next in order come the North-Western Provinces and Oudh (which

contain four or five commercial cities of what may be called the second rank), Madras (which might *primâ facie* have been expected to rank more highly, as compared with Northern India,—see next paragraph), and the Punjab, the collections in the remaining provinces being less than Rx. 100,000 in each case. In Bengal, Bombay, and Madras a large proportion of the tax is collected in the Presidency towns, as will be seen from the figures appended which are those for 1893-94:—

	Rx.	
Bengal	419,933	
Calcutta	177,046	
Proportion in Calcutta		42·16 per cent.
Presidency of Bombay	365,175

Proportion in Bombay		49·75 per cent.
Presidency of Madras	202,623	
Madras City	42,284	
Proportion in Madras		20·86 per cent.

7. The subjoined figures shew the gross collections in each province for each year since 1886-87:—

	1886-87.	1887-88.	1888-89.	1889-90.	1890-91.	1891-92.	1892-93.	1893-94.	Increase per cent. in 1893-94 over 1886-87.

Coorg . . .	1,309	1,258	1,359	1,257	1,074	1,099	1,327	1,324	1·14

The increase in Bengal and Bombay has been fairly steady. In the North-Western Provinces and Oudh the figures are singularly uniform from year to year. Madras shews a small increase during the first five years, but a rapid one during the last three, which if maintained will much improve its position in the table in paragraph 6. Punjab, Central Provinces and Assam shew a steady increase. The large increase in Burma is due in part to the extension of the tax to new areas.

8. The cost of collection on the first introduction of the tax was comparatively high, amounting in 1886-87 to Rx. 53,283. The necessity for special establishments which existed in the beginning disappeared as experience was acquired, and since 1887 the cost has ranged from Rx. 26,816 to Rx. 30,619. The absence of mofussil establishments makes it far higher in Bengal than elsewhere. In that province, apart from the special staff maintained in Calcutta, there is a large staff of assessors employed in the districts, while in Bombay and other provinces the work of assessment is mainly done by the district officials. The percentages in Burma and Ajmere-Merwara are also exceptionally high. Subjoined are the ratios of the cost of collection in each province to the total collections in 1893-94:—

	Per cent.
Bengal	4·19
Bombay	1·45
Madras	0·99
North-Western Provinces and Oudh	0·83
Punjab	0·88
Central Provinces	*Nil.*
Assam	0·43
Burma	2·81
Ajmere-Merwara	4·54
Coorg	*Nil.*
Bangalore	0·94

9. The incidence of the tax per head of population in the whole of British India has been given in the table in paragraph 4 of this Resolution. The incidence is highest in Bombay and Burma, where the commercial communities of the cities of Bombay and Rangoon contribute a relatively high proportion of the provincial collections; and it is lowest in the Central Provinces.

10. The Act exempts from the tax persons with an annual income of less than R500, who form the bulk of the population. The figures in the following table give the number of the taxable classes of the population (that is, the number of assessees) in 1893-94, and the incidence of the tax on them in each province:—

	Number of assessees.	Final demand. *Rx.*	Incidence per assessee. R

The whole number of persons assessed to the tax in 1893-94 was only 436,283, and the incidence on each assessee of the total final demand (Rx. 1,524,276) was just under R35 (R34·93). Of the larger provinces, Bombay heads the list; but it is not possible to gather much from any comparison based on these figures, as a high incidence may be equally due to the full assessment of the wealthy classes, and to an unduly low assessment of the moderately well-off ones. In Burma for example, the tax is in force only in some selected areas, and therefore necessarily shews a high incidence. The incidence in Hyderabad and Port Blair is far higher than it is elsewhere, because in both cases only Government officials are assessed. The lowest incidence is in Ajmere, the Punjab, and Madras.

11. The subjoined statement shews the incidence of the tax per 100,000 of the population for each province. The figures represent the incidence in Calcutta on the population of that city, in the rest of Bengal on the population of the province minus the population of Calcutta, and in Bengal generally including Calcutta on the whole population of the province including Calcutta; and similarly for Bombay, Madras, and Burma. It will be seen that outside the large commercial centres the incidence of the tax is extremely light:—

Among the presidency cities Bombay seems to fall short as compared with Calcutta; but looking at the interior of the presidency, Bombay in a long way ahead of Bengal as might be expected from the comparison of the commercially active towns in these provinces respectively.

12. Under Part II of the Schedule of the Act (Profits of Companies) the largest sums are obtained from railway and cotton-spinning and weaving companies, banking companies also contributing a considerable share. Under Part IV, the largest amount of the tax is realised from persons engaged in money lending and changing.

The following figures compare the collections from companies in 1886-87 and 1893-94:—

	1886-87. Rx.	1893-94. Rx.
Railway	37,180	29,002
Cotton spinning and weaving	5,532	20,584
Banking	12,113	13,460

Press	2,147	4,650
Jute and hemp	556	3,120
Insurance	3,192	3,057
Others	10,468	18,329

The decline in the collections from Railway companies is partly due to a legal decision as to the assessment and partly to the transfer to Government after 1886-87 of the Oudh and Rohilkhand Railway. The increases against cotton and jute, reflect the advance of these two industries.

13. A similar comparison for the classes under Part IV of the Schedule (variable individual incomes) brings out the following figures for the more important classes :—

15. Below are shown the collections of the tax classified according to the amount of income. Under classes I to VI (R500 to R2,000), the total collections are a little more than half the amount realised under classes VII to XV (R2,000 and upwards). The first and second classes, those including incomes ranging from R500 to R1,000 annually, paid over 33 lakhs in 1893-94, being just about one-fifth of the total receipts from all classes.

The total collections under the several classes, distributed between the different provinces in 1893-94, were as follows:—

Province.	Classes I to VI, Rx. 50—200.	Class VII, Rx. 200—250.	Class VIII, Rx. 250—500.	Class IX. Rx. 500—1,000.	Class X, Rx. 1,000—2,000.	Class XI, Rx. 2,000—3,000.	Class XII, Rx. 3,000—4,000. The comparatively large proportion of assessees under R2,000 income, in the North-Western Provinces and Oudh and the Punjab, deserves notice; it may be taken to mark the greater equality of income in these provinces.

REGULATIONS.

*** *The following Regulations, made by the Secretary of State for India in Council, are liable to alteration from year to year.*

1. An Examination for admission to the Civil Service of India, open to all qualified persons, will be held in London in August of each year. The date of the Examination and the number of appointments to be made for each Province will be announced beforehand by the Civil Service Commissioners.

2. No person will be deemed qualified who shall not satisfy the Civil Service Commissioners:—

(i) That he is a natural-born subject of Her Majesty.

(ii) That his age will be above twenty-one years and under twenty-three years, on the first day of the year in which the Examination is to be held.

[*N.B.—In the case of Natives of India it will be necessary for a Candidate to obtain a certificate of age and nationality signed, should he be a resident in British India, by the Secretary to Government of the Province or the Commissioner of the Division within which his family resides, or should he reside in a Native State, by the highest Political Officer accredited to the State in which his family resides.*]

(iii) That he has no disease, constitutional affection, or bodily infirmity unfitting him, or likely to unfit him, for the Civil Service of India.

(iv) That he is of good moral character.

3. Should the evidence upon the above points be *primâ facie* satisfactory to the Civil Service Commissioners, the Candidate, on payment of the prescribed fee, will be admitted to the Examination. The Commissioners may however in their discretion

at any time prior to the grant of the Certificate of Qualification hereinafter referred to, institute such further inquiries as they may deem necessary; and if the result of such inquiries, in the case of any Candidate, should be unsatisfactory to them in any of the above respects, he will be ineligible for admission to the Civil Service of India, and if already selected, will be removed from the position of a Probationer.

EXAMINATIONS FOR THE CIVIL SERVICE OF INDIA.

SYLLABUS,

Showing the extent of the Examination in certain subjects at the Open Competition for admission into the Indian Civil Service in August, 1896.

**** This Syllabus will apply also to the Open Competition for Clerkships, Class I, in the Home Civil Service, if any such Competition should be held concurrently with the Indian Civil Service Competition.*

English Composition.—An Essay to be written on one of several subjects specified by the Civil Service Commissioners on their Examination Paper.

English Language and Literature—The Examination will be in two parts. In the one the Candidates will be expected to show a general acquaintance with the course of English Literature, as represented (mainly) by the following writers in verse and prose, between the reign of Edward III. and the accession of Queen Victoria:

Verse—Chaucer, Langland, Spenser, Shakespeare, Milton, Dryden, Pope, Gray, Collins, Johnson, Goldsmith, Crabbe, Cowper, Campbell, Wordsworth, Scott, Byron, Coleridge, Shelley, Keats.

Prose—Bacon, Sir Thomas Browne, Milton, Cowley, Bunyan, Dryden, Swift, Defoe, Addison, Johnson, Burke, Scott, Macaulay (Essays and Biographies).

Latin Language and Literature.—Translation from Latin into English, Composition in Prose and Verse, or (as an alternative for Verse Composition) questions on Latin Philology. Critical questions on the Latin Language and Literature.

The other part of the Examination will relate to one of the periods named below, which will follow each other year by year in the order indicated.

1. (1896)	A.D. 1360 to A.D. 1600 [Chaucer to Spenser]
2. (1897)	A.D. 1600 to A.D. 1700 [Shakespeare to Dryden]
3. (1898)	A.D. 1700 to A.D. 1800 [Pope to Cowper]
4. (1899)	A.D. 1800 to A.D. 1832 [Nineteenth Century writers to the death of Scott]

The Examination in this part will require from Candidates a more minute acquaintance with the history of the English language and literature, as illustrated in the chief works produced in each period, and will be based to a considerable extent, but by no means exclusively, on certain books specified each year by the Commissioners.* The names placed under the dates are intended to suggest the general character of the literary development of the period, and, consequently, the natural limits of the Examination. All the works of Shakespeare, for example, will be regarded as falling within the period 1600 to 1700; all the works of Swift within the period 1700 to 1800; all the works of Scott and Wordsworth, and all the works of Macaulay within the period 1800 to 1832.

French Language and Literature.—Translation from French into English, and from English into French. Critical questions on the French Language and Literature.

German Language and Literature.—Translation from German into English, and from English into German. Critical questions on the German Language and Literature.

A minute knowledge of the works of these authors will not be looked for in this part of the Examination, which will, however, test how far the Candidates have studied the chief productions of the greatest English writers *in themselves*, and are acquainted with the leading characteristics of their thought and style, and with the place which each of them occupies in the history of English literature. Candidates will also be expected to show that they have studied in these authors the history of the English language in respect of its vocabulary, syntax, and prosody.

Read the following :—

Orders of Her Majesty in Council, dated, respectively, the 30th July, 1868, the 19th March, 1883, and the 3rd October, 1895, exempting from remeasurement for tonnage certain ships belonging to the United States of America.

At the Court at Osborne House, Isle of Wight, the 30th day of July, 1868.

PRESENT,

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.—Whereas it is enacted by the Merchant Shipping Act Amendment Act, 1862, that "whenever it is made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships for the time being in force under the principal Act have been adopted by the Government of any foreign country and are in force in that country, it shall be lawful for Her Majesty, by Order in Council, to direct that the ships of such foreign

country shall be deemed to be of the tonnage denoted in their certificates of registry or other national papers, and thereupon it shall no longer be necessary for such ships to be remeasured in any port or place in Her Majesty's dominions, but such ships shall be deemed to be of the tonnage denoted in their certificates of registry or other papers in the same manner, to the same extent, and for the same purpose in, to, and for which the tonnage denoted in the certificates of registry of British ships is deemed to be the tonnage of such ships."

And whereas it has been made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships now in force under "the Merchant Shipping Act, 1854," have been adopted by the Government of the United States of America, with the exception that no deduction from the gross tonnage of such ships specified in the registers or other national papers thereof, is made for crew space in sailing vessels, and for crew space and engine room in steam vessels, and such rules are now in force in that country having come into operation on the 1st January, 1865.

Her Majesty (in pursuance and exercise of the powers hereinbefore mentioned) is hereby pleased, by and with the advice of Her Privy Council, to direct that the merchant ships of the said United States of America, the measurement whereof shall, after the said 1st of January 1865, have been ascertained and denoted in the registers and other national papers of such ships testified by the dates thereof, shall be deemed to be of the tonnage denoted in such registers or other national papers in the same manner, and to the same extent, and for the same purpose in, to, and for which the tonnage denoted in the certificates of registry of British ships is deemed to be the tonnage of such ships, after making therefrom the same deductions in respect of crew space and engine room as would, if such ships were British, be made from their gross tonnage under the laws relating to British ships.

At the Court at Windsor, the 19th day of March, 1883.

PRESENT,

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.—Whereas by the "Merchant Shipping Act Amendment Act, 1862," it is enacted that, whenever it is made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships, for the time being in force under the principal Act, have been adopted by the Government of any foreign country, and are in force in that country, it shall be lawful, for Her Majesty, by Order in Council, to direct that the ships of such foreign country shall be deemed to be of the tonnage denoted in their certificates of registry, or other national papers; and, thereupon, it shall no longer be necessary for such ships to be remeasured in any port or place in Her Majesty's dominions, but such ships shall be deemed to be of the tonnage denoted in their certificates of registry, or other papers, in the same manner, to the same extent, and for the same purposes, in, to, and for which the tonnage, denoted in the certificates of registry of British ships, is to be deemed the tonnage of such ships.

And whereas it was made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships, for the time being in force under the principal Act had been, with certain exceptions, adopted by the Government of the United States of America, and Her Majesty by Order in Council, dated the 30th day of July, 1868, was pleased to direct that the merchant ships of the said United States of America, the measurement whereof should, after the 1st of January, 1865, have been ascertained and denoted on the registers, and other national papers of such ships, testified by the dates thereof, should be deemed to be of the tonnage denoted in such registers or other national papers, in the same manner, and to the same extent, and for the same purpose, in, to, and for which the tonnage denoted in the certificates of registry of British ships is deemed to be the tonnage of such ships, after making therefrom the same deductions, in respect of crew space and engine room as would, if such ships were British, be made from their gross tonnage, under the laws relating to British ships.

And whereas the Government of the said United States of America have provided that, on and after the 5th day of August, 1882, a deduction from the gross tonnage of every vessel of the United States, shall, on measurement or remeasurement thereof, be made for crew space in sailing ships, and for crew and engine space in steam ships.

And whereas it has been made to appear to Her Majesty that, in consequence of such last recited provision, the rules concerning the measurement of tonnage of merchant ships, now in force under "The Merchant Shipping Act, 1854," have been adopted by the Government of the United States of America, with the exception of a difference in the mode, in certain steamers, of estimating the allowance for engine room, and such rules are now in force in that country, having come into operation on the 5th day of August, 1882, and that it is desirable that the ships of the said United States, measured or remeasured as aforesaid, on or after the said 5th day of August, 1882, shall, instead of requiring remeasurement in the United Kingdom for crew space in sailing ships, or for crew and engine space in steam ships, be deemed to be of the tonnage denoted in their certificates of registry, or other national papers.

Now, therefore, Her Majesty is hereby pleased, by, and with the advice of Her Privy Council, to direct as follows:—

1. As regards sailing ships: that merchant sailing ships of the said United States of America, the measurement whereof after the said 5th day of August, 1882, has been ascertained and denoted in the registers and other national papers of such sailing ships, testified by the date thereof, shall be deemed to be of the tonnage denoted in such registers, and other national papers, in the same manner, and to the same extent, and for the same purpose in, to, and for which the tonnage denoted in the certificate of registry of British sailing ships, is deemed to be the tonnage of such ships.

2. As regards steam ships: that merchant ships belonging to the said United States of America, which are propelled by steam or any other power requiring engine room, the measurement whereof shall, after the said 5th day of August, 1882, have been ascertained and denoted in the registers and other national papers of such steam ships, testified by the dates thereof, shall be deemed to be of the tonnage denoted in such registers or other national papers in the same manner, and to the same extent, and for the same purpose in, to, and for which the tonnage denoted in the certificates of registry of British ships is deemed to be the tonnage of such ships. Provided, nevertheless, that if the owner or master of any such American steam ship desires the deduction for engine room in his ships to be estimated under the rules for engine room measurement and deduction applicable to British ships, instead of under the American rules, the engine room shall be measured, and the deduction calculated, according to the British rules.

C. L. PEEL.

At the Court at Balmoral, the 3rd day of October, 1895.

PRESENT,

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.—Whereas by an Order in Council, dated the 30th July, 1868, made by Her Majesty in exercise of the powers conferred upon Her by the Merchant Shipping Act Amendment Act, 1862, Her Majesty was pleased to direct that the Merchant Ships of the United States of America the measurement whereof should, after the 1st January, 1865, have been ascertained and denoted on the registers and other national papers of such ships, testified by the dates thereof, should be deemed to be of the tonnage denoted in such registers or other national papers, in the same manner, to the same extent, and for the same purpose, in, to, and for which the tonnage denoted in the certificate of registry of British ships is deemed to be the tonnage of such ships, after making therefrom the same deductions, in respect of crew space and engine room, as would, if such ships were British, be made from their gross tonnage under the laws relating to British ships.

And whereas by another Order in Council, dated the 19th March, 1883, made in exercise of the aforesaid powers Her Majesty was pleased to direct as follows:—

1. As regards sailing ships: that merchant sailing ships of the United States of America, the measurement whereof after the 5th August, 1882, has been ascertained and denoted in the registers and other national papers of such sailing ships, testified by the date thereof, shall be deemed to be of the tonnage denoted in such registers and other national papers, in the same manner, to the same extent, and for the same purpose in, to, and for which the tonnage denoted in the certificate of registry of British sailing ships is deemed to be the tonnage of such ships.

2. As regards steam ships: that merchant ships belonging to the United States of America, which are propelled by steam or any other power requiring engine room, the measurement whereof shall, after the said 5th day of August, 1882, have been ascertained and denoted in the registers and other national papers of such steam ships, testified by the dates thereof, shall be deemed to be of the tonnage denoted in such registers or other national papers in the same manner, to the same extent, and for the same purpose in, to, and for which the tonnage denoted in the certificate of registry of British ships is deemed to be the tonnage of such ships. Provided, nevertheless, that if the owner or master of any such American steam ship desires the deduction for engine room in his ship to be estimated under the rules for engine room measurement and deduction applicable to British ships instead of under the American Rule, the engine room shall be measured, and the deduction calculated according to the British Rules.

And whereas by Section 84 of the Merchant Shipping Act, 1894, it is enacted that, whenever it appears to Her Majesty the Queen in Council, that the tonnage regulations of that Act have been adopted by any foreign country, and are in force there, Her Majesty in Council may order that the ships of that country shall, without being remeasured in Her Majesty's dominions, be deemed to be of the tonnage denoted in their certificates of registry or other national papers, in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of registry of a British ship is deemed to be the tonnage of that ship.

And whereas it has been made to appear to Her Majesty in Council that the tonnage regulations of the Merchant Shipping Act, 1894, have been adopted by the United States of America and such regulations are now in force there, having come into operation on the 1st day of April, 1895.

And whereas there still are or may be ships belonging to the United States of America to which the hereinbefore recited orders of the 30th July, 1868, and the 19th March, 1883, may respectively apply, and it is expedient not to revoke the same, but to let the said recited orders remain in force so long as there are any ships to which the same may so respectively apply.

And whereas the provisions of Section 1 of the Rules Publication Act, 1893, have been complied with.

Now, therefore, Her Majesty, in pursuance and exercise of the powers hereinbefore mentioned, is hereby pleased, by and with the advice of Her Privy Council, to direct that the merchant ships of the United States of America the measurement whereof shall, after the 1st day of April, 1895, have been ascertained and denoted in the registers and other national papers of such ships, shall be deemed to be of the tonnage denoted in their certificates of registry or other national papers in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of registry of a British ship is deemed to be the tonnage of that ship.

Any officer or servant may be required by the Chairman to apply for an Invalid Pension, if the Chairman has reason to think that he is incapacitated for further service.

Applications for pension, &c., to be disposed of by General Committee, and to be submitted through the Commissioners.

16. Applications for permission to retire on pension or gratuity shall be disposed of by the Commissioners in Meeting, who may take into consideration any representation made by the applicant for extension of service in cases where the applicant has been required by the Chairman to apply.
